8. DISCUSSION AND ACTION ITEMS:

8.A Working Groups

Executive Administrative Assistant Brown explained that Municipal Code 2.16.060 Powers-Duties provides a list of the 15 items that the International Airport Commission shall be advisory to the Palm Springs City Council and shall have the duty and power to advise the City Council on. To assist the Airport staff with funneling Commissioner requests, each of the 15 items had been assigned to one of the following recipients: a) Committee Chair; b) Airport Executive Director; and c) Chairman, Vice Chairman, and Airport Executive Director.

The Airport Commissioners were directed to refer to the 15 items to determine which item their request falls under and which recipient(s) their request should be submitted to for further consideration. The assigned recipient(s) would verify that the request does fall within the scope of the Municipal Code, and if the request qualifies, the recipient(s) would determine if the request should be included in a future Airport Commission agenda or if the request should be reviewed first by an Airport Commission subcommittee.

Ms. Brown said that in regard to a request for creating working groups, the requesting Commissioner would need to refer to the 15 items to determine which Committee Chair to refer the request to, the Committee Chair would determine who would be in

the working group, and how long the working group would be active for. She said that the working group would provide their reports to the Committee Chair, the Committee Chair would report to the Airport staff, and the Committee Chair and the Airport staff would determine how to proceed with the information that was provided by the working group.

8.B USO Update

Airport Executive Director Barrett noted that at the January Airport Commission meeting, it had been suggested that the Airport staff reach out to the USO to see what assistance the USO needs from the Airport. Mr. Barrett said that the Airport staff had meet with the USO manager and regional manager, and he said that they had informed the Airport staff that they were making sure that the troops were aware of the resources that are available to them and that it is ultimately up to the troops to decide how they utilize the resources. The USO managers said that donations are helpful for the USO. Mr. Barrett said that he asked if they were interested in receiving assistance to expand their operations to allow them to operate 24/7, and he said that the USO managers said that they didn't believe that there was enough traffic to keep the USO open 24/7. Mr. Barrett said he assured the USO that the Airport staff was on standby to assist in any way needed.

Commissioner Hedrick noted that there were several hotels that offer free lodging to the troops when the rooms are available, and he said that a majority of the troops prefer to stay overnight in the Airport because they are fearful of missing their early morning flights.
